The Solution Board

The solution board is a dry erase board with a special frame containing an electronic brain which makes the dry erase surface interactive.

Teachers can scroll through pages, print, duplicate pages and more right at the board.

eBeam Education software contains numerous content and teacher aids including lesson plans, web resources and encyclopedia Britannica.

Engage Interactive Projection

New in 2011

eBeam Engage™ interactive whiteboard device combines more than ten multimedia and navigation tools in one sleek console to make lesson delivery effective and fun. Key highlights include:

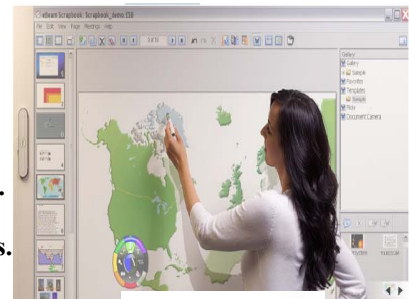

- Plug and Play - Puts frequently used tools within arms reach
- Improves navigation with customizable links to commonly used applications, folders, files and URLs and scroll knob
- Wireless keyboard eliminates need to toggle between computer and interactive surface
- Simple installation requires no special skills or tools – usable on existing surfaces
- Records sound and video in real time with one-touch recording button, built in microphone and line in/out ports
- Provides two built in USB ports to attach additional peripherals to the console.

Item	Description	Price
L-46002147	Engage Interactive Projection	\$1014.0

eBeam Edge

- Transform existing classroom whiteboards and walls into interactive teaching spaces with the eBeam Edge for Education.
- About the size of a board eraser, the eBeam Edge for Education is the most fully-featured mobile interactive whiteboard system on the market.
- Rich curriculum. Installation takes minutes and requires no special tools.

Item	Description	Price
L-46000870	eBeam Edge USB Interactive Projection	\$713.80
L-46001840	eBeam Edge Bluetooth Interactive Projection USB	\$902.70

Inscribe

Increase Classroom Interactivity With eBeam Inscribe

The eBeam Inscribe 200e wireless tablet allows users to perform familiar mouse functions and utilize all the features and functionality of standard software applications from anywhere in a conference room, classroom, or large meeting space.

The tablets are lightweight and compact; yet provide ample workspace for efficient desktop and program navigation and input.

Engage - Specifications

Engage System

- weight: approximately 2.1 lbs (950 g)
- dimensions: 31.5 x 2.4 inches (80 x 6 cm)
- minimum active work area: 17 x 11 inches (43 x 28 cm)
- maximum active work area: 84 x 60 inches (213 x 152 cm)
- tracking technology: ultrasound and infrared
- positional accuracy: +/- 1.5 mm
- average power consumption: 10 W
- peak power consumption: 50 W
- speaker output: 18 W
- auxiliary line in/line out ports: 2
- USB ports: 2
- connectivity: USB and power cord

Requirements

Windows®

- XP, Vista, Windows 7
- Pentium IV Processor, 1.4GHz, 1 GB RAM
- 200 MB of available disk space recommended
- CD/DVD ROM drive or Internet connection
- available USB port

Stylus

- weight: 0.6 oz (18 g)
- power: 1 AAA battery
- battery life: 40 hours – approximately 1 year of standard use

Keyboard

- weight: 1.2 lbs (545 g)
- power: rechargeable via usb port – no batteries needed
- connectivity: Radio Frequency (RF) up to 33 ft (10 m)

Macintosh®

- OS 10.5 or higher recommended
- PowerPC/Intel, 400MHz, 1GB RAM
- 200 MB of available disk space recommended
- CD/DVD ROM drive or Internet connection
- available USB port

eBeam Edge - Specifications - Requirements

Specifications

- receiver: 7.9" x 1.6" x 0.4" (200mm x 41mm x 10.5mm)
- stylus: 5.65" in length x 0.6" diameter at grip
- cable 15' USB, with eBeam connector

Requirements

- XP, Vista, Windows 7
- Pentium IV Processor, 1.4GHz, 1GB RAM recommended
- 100 MB of available disk space recommended
- CD/DVD ROM Drive or Internet Connection
- Available USB 2.0 Port

Inscribe - Specifications

- connection type: wireless 2.4G RF
- range: 33 ft (10m)
- dimension: 10.9 x 11.1 x 0.8 in
- active area: 7.8 x 5.9 in
- resolution: 2000 LPI
- macro keys: 16 programmed keys to access frequently used eBeam Tool Palette items
- hot keys: page up, page down, volume

- battery type (tablet): rechargeable nokia BL5C Li-ion
- battery life (tablet): 16 hours
- battery charging (tablet): via standard USB
- receiver: USB dongle
- compatibility: Microsoft XP, Vista, Windows 7
Mac OS 10.5 or higher

LCS Dry Erase Skins

All LCS surfaces are available in low gloss surfaces which significantly reduces glare from projectors.

The total cost of dry erase skins and installation vary based on the size and condition of existing chalk boards as well as the number of skins to be installed.

Prices below include installation based only on the size of the skin and basic installation. Firm pricing can only be provided after existing chalkboards are measured and examined.

L.J. FRAME, LLC installers are trained and experienced in skin installation and repairing existing damage.

Twist Flexible Digital Microscope

Captures high-quality images at 10 to 200x magnification!

Ages 3-18

Unique, easy-to-use digital microscope captures high-quality images (10 to 200x magnification) and bends to allow teachers and students to view even hard-to-see objects! Built-in camera and microphone enable students to record and describe their investigations and inquires, then download them to a PC. Use with your interactive whiteboard, projector or PC to encourage class demonstration or individual exploration. Charges and downloads via computer USB port.

- Connects easily to a computer or interactive whiteboard
- 10 to 200x magnification
- Does not require purchase of batteries
- Positions easily to view even hard-to-see objects
- Investigate items previously impossible to look at through traditional digital microscopes
- Encourages discovery — students can explore an object with both hands
- Illuminates dark settings or objects
- Allows students to record and describe their investigations and inquiries
- Is ideal for assessment and boosts students' 21st-century skills
- Download to your computer or upload to your class website, virtual learning network or assessment files
- Provides a steady image

Item	Description	Price
LER-4411	Twist Flexible Digital Microscope	\$119.99

Zoomy Handheld Digital Microscope

Displays digital images on your computer screen, captures photos and even records video!

Ages 3-18

Amazing all-in-one digital microscope takes scientific inquiry to a new level—yet is easy for even a young child to use. Take videos or still images from 35 to 53x magnification. Supports students as they record observations and investigations. Great for lab reports, presentations and authentic assessment for digital portfolios. Use with your computer, projector or interactive whiteboard. Grades PreK–12

- Facilitates scientific observation via high-interest visuals
- Powered by USB connection to your computer — no batteries required
- Provides clear and sharp images via high-quality resolution
- Illuminates dark settings or objects
- Adjusts automatically to LED light available
- Encourages hands-on investigation
- Fits perfectly in child's hand and positions easily to view difficult objects

Viewsonic DLP Projector

The ViewSonic PJD5123 is a high-performance SVGA 800x600 DLP projector with 2700 ANSI lumens and 3000:1 contrast ratio. With new slim design at only 3.2 inches high, makes it ideal to transport. This projector offers a variety of hardware and software features including multiple PC and video input options, 1.1x manual optical zoom, auto vertical keystone correction, 120Hz/3D-ready, support HD video signal and integrated speaker. Filter-less design and energy-saving Eco-mode provide for easy maintenance and longer product life. Ideal for tabletop use or ceiling mounting in both classrooms and corporate offices.

Item	Description	Price
DH-PJD5123	Viewsonic DLP Projector-HD TV 4:3	\$490.02

Epson LCD Projector

The VS210 delivers brightness and versatility, at a truly amazing price. With Epson's user-friendly control features like USB Plug 'n Play instant setup and automatic vertical image correction, setting up your presentation has never been easier. And with Epson's 3LCD, 3-chip technology and 2600 lumens of color/white light output, the VS210 will captivate audiences with brilliant images and true-to-life color. The VS210 is the smart choice for the budget-conscious business.

Item	Description	Price
DH-VS210	Epson LCD Projector-4:3	\$400.08

Epson PowerLite1835 LCD Projector

The PowerLite 1835 is designed for affordability and convenience. Images can be adjusted using horizontal and vertical keystone correction, plus the Quick Corner feature to accommodate almost any room setup. Horizontal keystone correction allows for off-center positioning of the projector, such as in u-shaped seating arrangements. The projector's higher tilt angle allows you to display presentations higher up on the wall, even with a lower stand or table. You have even more flexibility with a 1.6x optical zoom, which displays images up to 40% larger than competing projectors with a 1.2x optical zoom - without a change in image quality. The PowerLite 1835 features 3500 lumens of color/white light output and XGA resolution, for sharp, vibrant images.
